

**UNITED WE FIGHT.
UNITED WE WIN.**

LIVE UNITED

The Community Impact Fund is the strongest investment to fight for the health, education, and financial stability for every person in Chester County.

By improving education for all children, we're setting them on the path to high school graduation and college success. These children will go on to hold skilled jobs and succeed in life. Good health is directly linked to a successful life. And when we make sure a family's basic needs are met and they are financially equipped to support their families, we all benefit.

We win by living united.

We focus on more than just a single issue or community. Because problems can rarely be solved by one program or strategy alone, your contribution to the Community Impact Fund has greater power. By forging unlikely partnerships, finding new solutions to old problems, and mobilizing the best resources, we create the foundation for a world full of opportunity. For everyone.

Together, we take a hard, long look at the problems facing our community. We collaborate with experts and leaders, practitioners and people in the neighborhoods. We work across partisan and income divides, inviting everyone to do their part to improve lives and community conditions.

Whether we're driving agencies to common outcomes, leading an initiative, or creating collective impact, we're the get-it-done-on-the-ground people.

We do the due diligence for you.

We offer donors the opportunity to maximize their gifts and support the most pressing needs in the community.

United Way invests Impact Fund dollars through a competitive selection process guided by teams of volunteer community leaders. These volunteers work with United Way of Chester County staff to assess the health and human service strategies that will have the greatest impact on our community. Only the best, most innovative and collaborative programs are selected. This rigorous process ensures that your dollars make a real difference in the lives of people whose needs would not be met without your help.

Together we can create real, lasting change.
